

## TIROCINIO PER PIANISTI AL METROPOLIA DI HELSINKI

Proposta:

The traineeship would be for example from 1 October - 1 June (9 months), if the applying trainee has another possible timing on her/his mind, the timing is negotiable.

The trainee would get student discounts in Finland (school lunches about 2.60 per day, student discount on internal travels in Helsinki -40%) and we would assist in finding housing. If anyone interested, please send CV and audition materials (links) to me by 15 August: [tia-maria.sjoblom@metropolia.fi](mailto:tia-maria.sjoblom@metropolia.fi).

The decision is done at the end of August and we will contact the student and host conservatory.

“Dear Madam/Sir,

The Degree Programme in Music at the Helsinki Metropolia University of Applied Sciences is looking for one or two **pianist trainees** for the academic year 2022—2023 starting on October 1st. The work consists of accompaniment of singers and instrumentalist, both in classroom context and at different concerts and other events. Good skills in sight reading will be appreciated. We offer good working conditions in our modern premises ([Soiva 2021](#)) not far away from the city center, with a possibility of learning a lot of new repertoire, both Finnish and other classical music with a very large range. We have many good experiences with young Italian pianists in the past ten years within the programme Working with Music, and we would very much like to continue this tradition of cultural co-operation between Italy and Finland.

Helsinki is an active cultural center with an opera house and two symphonic orchestras and a very lively cultural life. We sincerely hope some of your students would like to join us and spend a year in the Great North making music with our students!

Sincerely yours,

Juha Karvonen

Senior lecturer in vocal music”
